

WARRIOR™ 400i/500i CC/CV

Robust inverter welding packages

The reliable multi-process welding equipment designed for heavy duty productivity with up to 500 amps delivered.

Rugged

User Friendly

Powerful

WARRIOR™ 400i/500i CC/CV power source

Features

- **Multi-Process** – including MIG, Flux-Cored, Stick, Live TIG and Arc Gouging gives you the flexibility at work:
 - Flux-Cored and Solid wire, 0.8 -1.6 mm.
 - Carbon Arc Gouging up to 9.5 mm (3/8 in.).
 - 6010 (cellulosic) capability.
- **High Duty cycle** – For long runs and various applications giving high productivity.
- **Durable and rugged** – IP23 rating for outdoor and indoor use in rough environment.
- **Easy to use** – Simple and clear user interface for everyone to get started quickly.
- **Robust and ergonomic handles** – Also for mechanical lifting.
- **Sun friendly display** – easy to read outdoor.
- **Inverter technology** – Smaller, lighter and less energy cost, gives you value for money.
- **Generator compatible** – For flexible use in different job sites.
- **Automatic Hot Start/Variable Arc Control** – To support your different demands.
- **Wide input voltage range** to support regional requirements.

Quality & Environment

- **IP23 rated** – Withstands rain with the fan on.
- **Air tunnel design** – Clean and dirty side in the machine to ensure long-term reliability.
- **Autofan** – Reduces energy consumption and dirt intake.
- **3 year warranty**

Applications

- Fabrication
- Construction
- Pipe line
- Mobile Machinery
- Ship building
- Energy generation
- Repair & Maintenance
- Rental

Main Controls

- Power On/Off
- Digital Volt/Amp Meter
- VRD LED
- Over Temperature LED
- Output Voltage / Current Control
- Welding Process Selector
- Stick Mode Selector
- Inductance/Arc Force Control
- Wire feeder control connector
- Resettable Circuit Breaker
- Output Power Connectors

WARRIOR™ Feed 304 and MobileFeed 300 AVS – wire feeders

WARRIOR™ Feed 304

The new user friendly and robust feeder.

- **Rugged design** – handle, connectors for tough use.
- **4 roll drive with tach feedback** – for superior wire feeding.
- **Sun-friendly display** – easy to read outdoor.
- **Bobbin cover** – included standard feature for protection.
- **Voltage Pre-set** – support the setting of welding parameters.

MobileFeed 300 AVS

The rugged arc voltage feeder – Withstands tough environment.

- **Totally enclosed**, super impact-resistant case.
- **4 roll drive** – Gives you the feedability and productivity for demanding in field work.

Technical data, WARRIOR™ Feed 304

Power supply, VAC	42
Wire spool capacity, kg	18
Max. spool diameter, mm	300
Wire feed speed, m/min	0.8-25.0
Dimension incl. bobbin cover : (l x w x h), mm	675x264x418
Weight incl. bobbin cover, kg	14.5
Wire dimensions:	
steel	0.6-1.6
stainless steel	0.6-1.6
aluminium	0.8-1.6
cored wire	0.9-1.6

Technical data, MobileFeed 300AVS

Power supply, VDC	16.5-100
Wire spool capacity, kg	18
Max. spool diameter, mm	300
Wire feed speed, m/min	1.3-20.3
Dimension (l x w x h), mm	526x217x437
Weight, kg	14.5
Wire dimensions:	
steel	0.8-1.6
stainless steel	0.8-1.6
cored wire	1.2-2.0
Temp. working range	-10/+40 C
Enclosure class	IP 23

Technical data, Water cooling unit

Power supply, from power source,	40V, 50/60Hz
Coolant flow capacity, l/min	1.8
Cooling power, kW	1.0
Max pressure, bar	4.5
Max pressure height to torch, m	8.5
Weight / incl. coolant, kg	15 / 19
Dimensions incl. filler tube l x w x h, mm	680x325x230

These welding power sources comply with the requirements of EN 60974-1 and IEC 974-1 as well as IEC/EN 60974 -1/-2 and EN 60974-10

The symbol S indicates that the welding power source may be used in areas with an increased electrical hazard, i.e. areas where the electrical hazard is increased due to damp and/or the proximity to earthed metal objects.
